From cabinets to counter tops, our team of experts can help with your design.

Let our cabinet designers assist you with the layout that best fits with your needs.

Mill Work

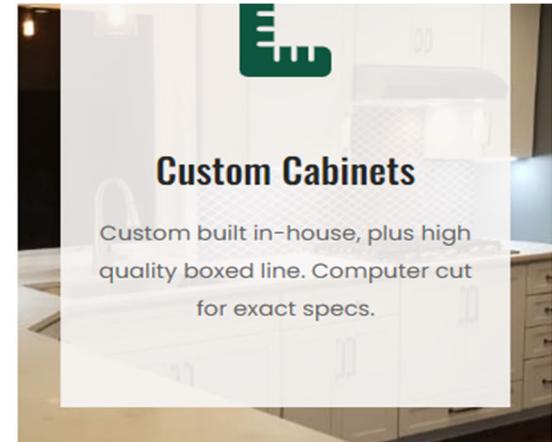

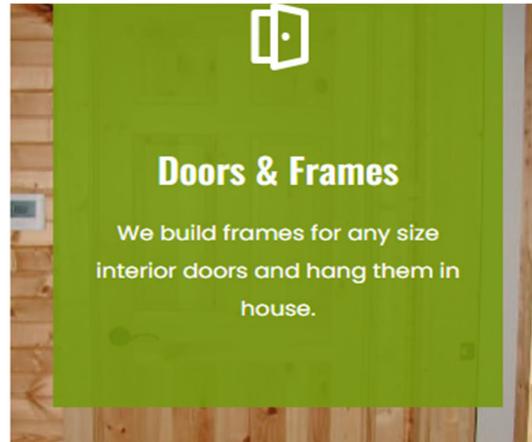

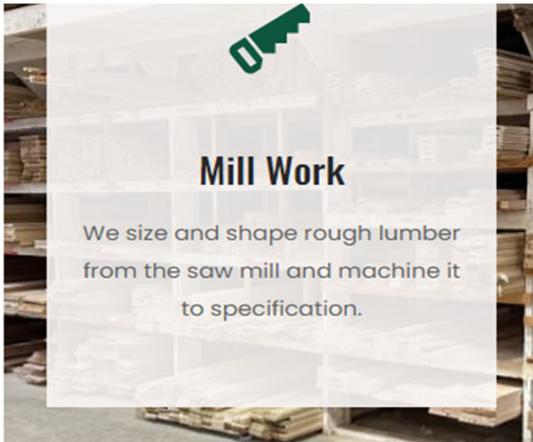

We machine rough lumber to stock and custom specifications. With over 1000 profiles in stock, we have the ability to match or make your custom profile.

Interior Doors

We build our frames in house for any size interior door. Doors are 100% inspected before shipping to our customers for first time quality installations.

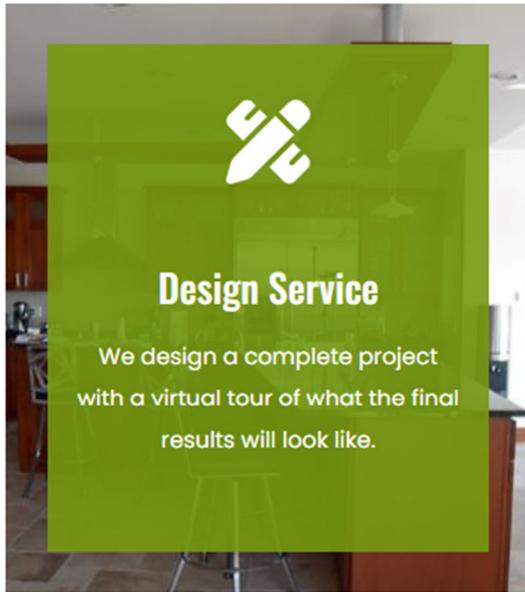

Cabinetry

Our cabinets are designed, built and assembled in house to meet your specifications. We also offer various standard options.

[ABOUT OUR PROCESS]

ABOUT OUR PROCESS

We are not your grandfather's lumberyard. We're a manufacturer of beautiful and unique wood trim accents and structures for your home.

Quality

Integrity

Installation

Our custom cabinets we design and build exclusively in house.

- ✓ Cut to exact dimensions
- ✓ Assembled to perfection
- ✓ Rigorously inspected before shipping

Quality

Integrity

Installation

Custom woodworking is a craft of integrity. Creating unique atmospheres for unique homes.

- ✓ Quality and designs checks deeply
- ✓ Periodic site review and timelines
- ✓ Design development and strategy

We are built on sincerity and credibility. Our 40 plus year reputation is undisputed within the industry.

- * Dependable
- * Honest
- * Respectful

Quality

Integrity

Installation

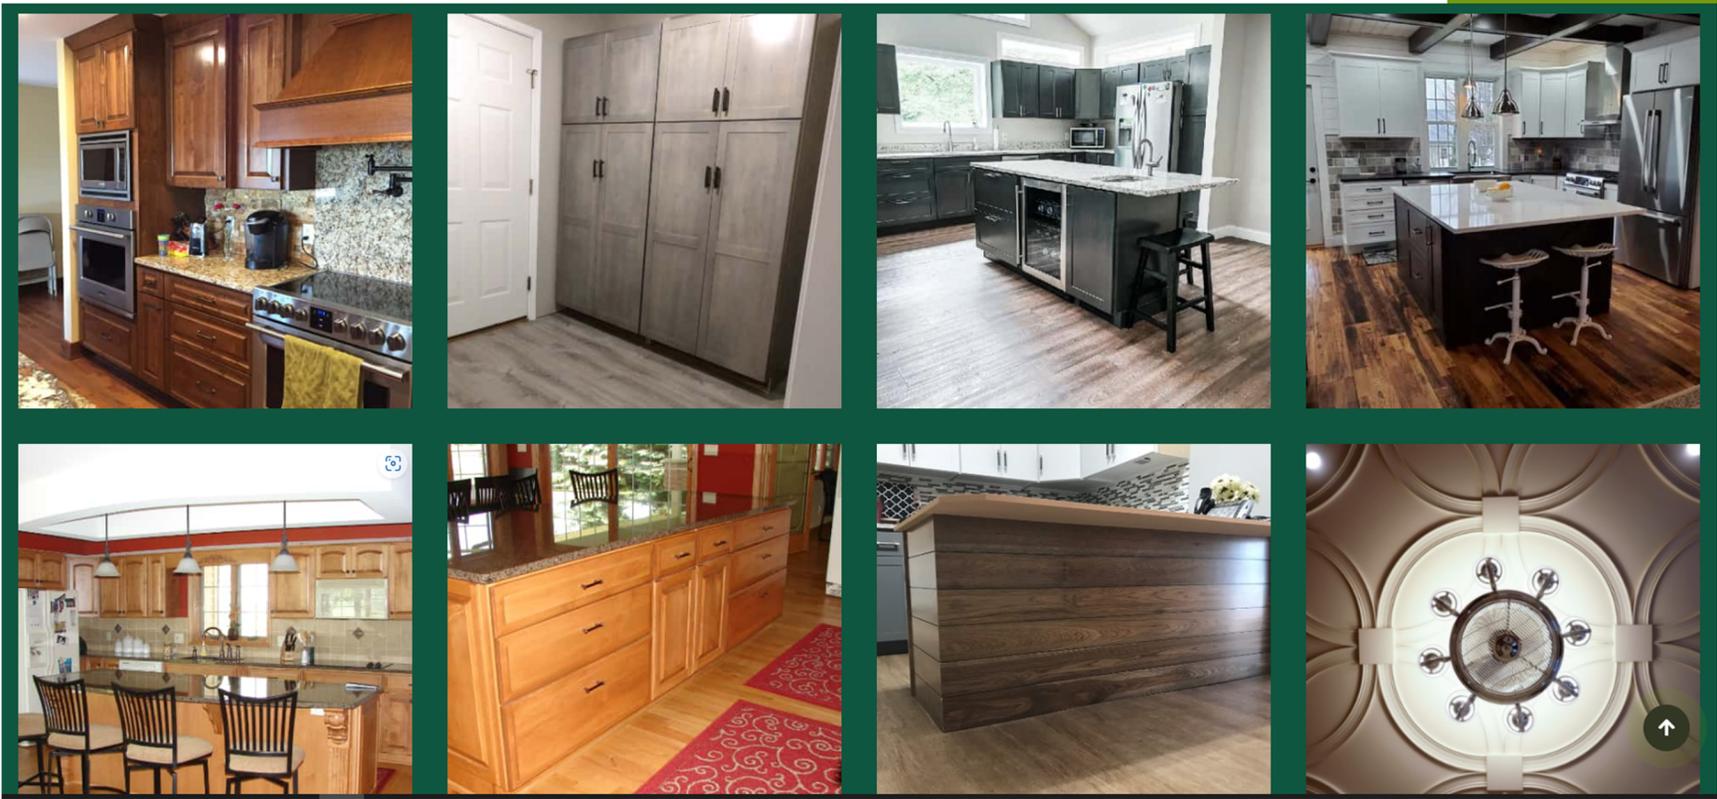

We do not do installations, as we want to work with our contractors, not compete with them.

- ✓ Quality and designs checks deeply
- ✓ Periodic site review and timelines
- ✓ Design development and strategy

We're able to provide names of contractors/builders who we work with on a regular basis to aid in your project. Our designs are proven to reduce installation and finishing time.

- Network of Contractors/Builders
- Field service team
- First time quality and on time delivery
